This will open-up your default web browser and take you to the launch page for the event. If you already have the Zoom app installed on your computer, you can simply click the "Open Zoom Meetings" button on the dialog that pops up on your screen. We highly recommend using the Zoom App whenever possible instead of the web browser-based version of Zoom.

## During the Meeting

**Audio** – Except for the chairman/moderator and the speaker, all attendees' microphones will be muted by the host. Please unmute your audio when you're presenting or answering a question directed at you from the chair.

Panelists should submit their questions in "Chat" box as they don't have an option post it in Q&A. Chat – All participants and attendees will be able to use the "Chat" feature. You can send a message to "All Panelists," "All Panelists and Attendees," or you can send a direct message to someone by name. The chat box is shown below on the right side of the screen. To direct your question, tag the speakers name to the questions as you submit them to the chat (e.g., For Dr. Will Torres – Question 1).
